Another School Year Begins

We have had a delightful first week of school with thirteen

precious students. We are missing those who did not return from last year, but we are looking forward to a blessed, busy, and fruitful year ahead.

Use the Library!

The library, in case you didn't know, isn't just for students of IHAS. If you'd like to use some of the resources there, please see Mrs. Wright

about checking them out. Besides many books, there are also a number of videos. Each year we have to spend a certain dollar amount per student, so we are adding new books and items regularly.

Outdoor School

Please check in your child's Thursday folder or backpack for a flyer regarding this year's Outdoor School which is September 13-16. Please note that

this trip is only for Grades 1-8; kindergarteners may go only if they have a parent going and staying the whole time with them. Please read the flyer carefully as there is a LOT of information on the back side of it. Also, there is a QR code on the front of the flyer that you will need to use to register your child for this event. There is a fee for Outdoor School of \$60/student and \$20/parent or sponsor. If you are interested in attending outdoor school with your children, please contact Mrs. Wright. Kindergarteners attending need to have a parent with them.

Upcoming Events

- Wed., Aug. 25 Grades 3-8 to Veterans' Closet
- Mon., Sept. 6 Labor Day—No School
- Sept. 13-16 Gr 1-8: Outdoor School at Northern Lights Camp
- Mon., Sept. 27 Let's Move with a Mission Day
- Mon., Oct. 4 Fall Break—No School
- Thurs., Oct. 21 End 1st Quarter

Typing Pal

Grades 3-8 will again be using Typing Club to learn and hone keyboarding skills. Login

Point to Ponder

The greatest want of the world is the want of men, men who will not be bought or sold, men who in their inmost souls are true and honest, men who do not fear to call sin by its right name, men whose conscience is as true to duty as the needle to the pole, men who will stand for the right though the heavens fall. —EGW

information should be in every student's daily folder so everyone is able to practice at home. I am not requiring a certain amount of practice; grades will be based upon the information I see on the website that will show me student progress, lessons passed, rate, and accuracy.

Jupiter

This year we are continuing to use the JupiterEd online grading and attendance system for keeping track of student records. Students in grades 3-8 and their parents can check online at any time to see grades and what assignments are missing. Please note that assignments are generally added by 7 pm on any given school day, so checking before that time may not be as accurate. The students have each been given their passwords. Parents who would like to have a password for access may contact Mrs. Wright.

We Watched a Miracle Unfold!

A few weeks ago, Mrs. Wright found a lovely little caterpillar crawling on a milkweed plant on her parents' farm. She picked the plant and put it in a jar, poking holes in the top of the jar. Within two days, the caterpillar had formed a chrysalis around itself, thus going into hiding. Mrs. Wright hoped that the butterfly would wait to emerge until the students could see it happen. The first day of school the exquisitely gold-tipped chrysalis still looked pretty much the

same as it had looked for the past two weeks. By the morning

of the second day, however, it looked like it was becoming more transparent and one could see faint outlines of butterfly wings.

And...only a couple hours into the school day, Ebnay called out, "The butterfly is coming out!"

When it first emerged, its wings were very small and its abdomen was very enlarged. Over the next few minutes, as its abdomen

shrank, its wings expanded. They remained very floppy even when they looked to be the right size. Mrs. Wright put the butterfly

in a flowerpot out front and prayed that it hadn't been damaged by being in the unnatural setting of the jar. Later in the day, Fortunate went out and saw it fly away. We love seeing the amazing things that our Creator has made...and of these, butterflies must surely be some of the most miraculous!
