### Evening of Fun

Last Saturday evening started with student vespers and followed by Doug Batchelor sharing his testimony. After that, we ate great food, played fun games, and and gulped down

delicious, fresh-pressed apple juice. A huge thanks goes to the Karges family for providing the press, the apples, and the fun games.

### Mission Projects

At the close of each year, the students and staff have been making it a tradition to select special projects that help others in need. The past four years we have selected projects from the ADRA Gift Catalog such as sponsoring a goat, a cow, chickens, or sheep for a family in a third world country. Such a donation helps the family to gain footing in providing for their family's needs. Last year we also gave toward the project of providing a well for villagers that otherwise had to walk miles to retrieve water for their daily use. We are planning to hold a mission fair again this year. If you have the ability to make homemade items (hats, gloves, soap, bread, etc.) and would be willing to donate items to the fair that others would find useful and healthful, let Mrs. Wright know so we have an idea what will be available for purchase that evening. All proceeds will go to support various projects that the students and staff will be selecting.

### Technology Needed

We have been blessed with an increase in enrollment this fall! With that increase in enrollment has come a need for more Chromebooks and headphones. If you are interested in donating toward this need, please put it in an envelope and mark it for Chromebooks or headphones.

Unfortunately, the price of Chromebooks has increased and availability has decreased with
